### Attesting Statement:

Herewith it is certified that the data contained in the dataset belonging to this document has been constructed from source data supplied by National Authorities and has been produced in accordance with the ARINC 424 manual and the "Commission Implementing Regulation (EU) 2017/373", and has been checked by using those utilities as described in the LSY FlightNav AG - Company Exposition and the LSY FlightNav AG – DO-200B Compliance Plan.

It also contains tailored records produced from information supplied to LSY FlightNav AG by customers and has been subjected to the same checks and procedures as that for standard data. While LSY FlightNav AG has completed all checks available to them, the responsibility for the accuracy of the included tailored data is with the customer supplying the data.
