

Navdata Information Letter 10-05

June 3, 2010

Notice of Upcoming Changes to 1344-4R/ER Navdata (Africa-Eastern Europe-Europe-Middle East)

FMS Software Version 400-404, 500-504, 600 and 700

Continued growth in the number of SIDs in Europe will soon exceed the memory capacity of FMSs with software version 400-404, 500-504, 600 and 700 using navdata part number 1344-4R/ER (AFR-EEU-EUR-MES).

We had previously deleted SIDs at airports with more than 60 SIDs to stay within FMS memory limits (16 airports, highlighted below, were affected).

Beginning with Cycle 1007, effective 1 July 2010, we will delete SIDs at airports with more than 30 SIDs.

As a result, SIDs at 19 additional airports will be deleted in Cycle 1007 (airports bold below).

Airports with SIDs Deleted in 1344-4R/ER Navdata

ID	Airport Name	City	Country
BIKF	Keflavik	Keflavik	Iceland
EBBR	Brussels National	Brussels	Belgium
