Please note that the following airways **H307, H267, Q821, H143, H291 and V112** have been coded incorrectly in the Navtech/EAG database,

Waypoint BOSLA should have been added between ATAPO and RILEY on airway H307.

Waypoint AKSEM should have been added between WS and CONOR on airway H267.

Waypoint ANSIS should have been added between WS and KAKET on airway H143.

Waypoint MELOK should have been added between BEGUM and KALDI on airway H291, and waypoints HODDE – GUPUT should have been deleted.

Waypoint ESDAK should have been added between DAMPI and WS on airway Q821.

VOR WN should have been added at the end of airway V112.

The airways have now been amended for cycle 1113 data
